ARTICLE VI

Regular Annual and Special Assessments

Section 1. The Maintenance Fund. All funds collected by the Association from the regular annual maintenance charges and from special assessments as provided for in this Article, together with all funds collected by the Association from the regular annual maintenance charges and special assessments imposed on other Lots in Woodlake Forest IV Subdivision by all Supplemental Declarations, shall constitute and be known as the "Maintenance Fund." The Maintenance Fund shall be held, used and expended by the Association for the common benefit of all Members for the following purposes, to-wit: to promote the health, safety, recreation and welfare of the Members; to pay the expenses for the common services rendered for the common benefit of the Members; to pay the expenses of sanitary sewer service for Woodlake Forest IV Subdivision; to pay the expenses for water, gas, electricity, telephone, storm sewer service and all other utilities or services furnished to the Common Properties in Woodlake Forest IV Subdivision or any of the improvements thereon, or any part thereof; to pay the expenses for the perpetual care, maintenance and repair of the Private Streets and Drives; to pay the expenses for the maintenance, repair, care, upkeep, beautification, protection, taxes, insurance, replacement, reconstruction, management, supervision and operation of or for the Common Properties in Woodlake Forest IV Subdivision, and the improvements thereon, or any part thereof; to pay for capital improvements to such Common Properties; to pay the expenses of administration and management of the Association; to pay salaries of employees of the Association; to pay all taxes and other public dues or charges which the Association shall be required to pay; and to pay all other charges, costs or expenses lawfully incurred by the Association; all of which charges, costs, taxes and expenses to be incurred or paid by the Association are sometimes referred to in this Declaration and Supplemental Declarations as the "common expenses" or the "common expenses of the Members".

159-25-0620

The Association may in its sole discretion give one or more of the aforesaid purposes preference over other purposes, and all expenses incurred and expenditures and decisions made by the Association in good faith shall be binding and conclusive on all Members.

Section 2. Covenant for Assessments. Each and every Lot (except Lots owned by Declarant or builders as provided for in the following Section) is hereby severally subjected to and impressed with the following charges and assessments which shall run with the land and shall be in the same and equal amounts for each Lot regardless of its size, value or cost, to-wit:

- (a) A regular annual maintenance charge or assessment in the amount of \$450.00 per annum per Lot, subject to increase or decrease and payable as provided in Section 4 below; and,
- (b) Special assessments as provided for in Section 5 below.

Each owner of a Lot subject to assessment as above provided, by his claim or assertion of ownership or by accepting a deed to any such Lot, whether or not it shall be so expressed in such deed, is hereby conclusively deemed to covenant and agree, as a covenant running with the land, to pay to the Association, its successors or assigns, each and all of the charges and assessments against his Lot as the same shall become due and payable, without demand. The charges and assessments herein provided for shall be a charge and a continuing lien upon each Lot, together with all improvements thereon, as hereinafter more particularly stated. Each assessment, together with interest, costs and reasonable attorneys fees shall also be the personal obligation of the person who is the owner of the Lot at the time the obligation to pay such assessment accrues, but no Member shall be personally liable for the payment of any assessment made or becoming due and payable after his ownership

159-25-0621

ceases. No Member shall be exempt or excused from paying any regular or special assessment by waiver of the use or enjoyment of the Common Properties or Facilities in Woodlake Forest IV Sub-division or any part thereof or by abandonment of his Lot or his interest therein.

Section 3. Lots Owned by Declarant or Builders. No Lot owned by Declarant or a builder shall be subject to any regular annual maintenance charge or special assessment while it is owned by Declarant or a builder unless and until a Townhouse shall have been built thereon and three (3) months shall have elapsed since the substantial completion of such Townhouse, or the Townhouse shall have been permitted to be occupied, whichever shall first occur. It shall be the duty of each builder to notify the Association at the time a Townhouse has been substantially completed or permitted to be occupied. The term "substantial completion" as used herein shall mean that the Townhouse is ready for sale or occupancy, except for minor items which must be furnished, completed, corrected or adjusted. It also shall be the duty of each builder to notify the Association at the time a Lot owned by a builder is sold. The term "builder" for the purposes of this Declaration is defined as any person, firm, corporation or other entity who is engaged in the business of building houses for sale or rental purposes, and not for his or its personal use or occupancy. Whenever a Lot owned by Declarant or a builder becomes subject to assessment as provided for in this Section, such Lot shall then be treated and assessed as any other Lot which is subject to assessment.

Section 4. The Annual Maintenance Charge. The regular annual maintenance charge or assessment shall be due and payable to the Association annually, in advance, and without demand, on the first day of January of each calendar year; provided, however, that on the date of the purchase of his Lot (as evidenced by the date of his deed or his occupancy, whichever is earlier) each Member shall pay to the Association a prorata part of the regular annual

155-25-0622

maintenance charge, which shall bear the same ratio to the full annual amount as the number of days remaining in the year of purchase bears to 365 days.

The Board of Trustees of the Association may decrease or increase the amount of the regular annual maintenance charge or assessment provided for herein at any time and from time to time by the adoption of a resolution for such purpose, but no resolution increasing the regular annual maintenance charge assessment shall become effective prior to the expiration of ninety (90) days from date of its adoption, and the Owner of each Lot subject to such assessment shall, within thirty (30) days from such effective date, pay to the Association the proportionate part of such increase for the balance of the year in which such resolution is adopted; provided, however, that no resolution of the Board of Trustees which fixes the amount of the regular annual maintenance charge or assessment in excess of one hundred twenty-five percent (125%) of the then existing annual maintenance charge or assessment shall become effective unless and until such resolution is ratified either (i) by the written assent of the Members of the Association who in the aggregate then own at least 51% of the Lots which are then subject to the annual maintenance charge or assessment, if no meeting of the membership is held for ratification, or (ii) by the assent of 51% of the votes of the Members of the Association who are present and voting in person or by proxy at a special meeting of the membership of the Association called for this purpose and at which a quorum is present. The written assent or the vote of the Members must be given prior to the effective date of the resolution of the Board of Trustees. No increase in the annual maintenance charge or assessment shall take effect retroactively. The Board of Trustees may decrease the amount of the annual maintenance charge or assessment without ratification by or assent of the Members of the Association.

If any resolution of the Board of Trustees which requires ratification by the assent of the Members of the Association as above provided shall fail to be so ratified, then the amount of the

159-25-0623

regular annual maintenance charge or assessment last in effect shall continue in effect until duly changed in accordance with the above provisions.

Section 5. Special Assessments. The Board of Trustees of the Association, from time to time by the adoption of a resolution for such purpose, subject to ratification by the Members of the Association as hereinafter provided, may levy and impose, against each Lot which is subject to the annual maintenance charge, a special assessment for a specific amount, which shall be equal for each such Lot, for the purpose of purchasing equipment or facilities for the Common Properties in Woodlake Forest IV Subdivision and/or for defraying in whole or in part the cost of constructing new capital improvements or altering, remodeling, restoring or reconstructing previously existing capital improvements upon such Common Properties, including fixtures and personal property related thereto; provided, however, that before any such resolution shall become effective it shall be ratified either (i) by the assent in writing of the Members of the Association who in the aggregate then own at least 75% of the Lots which are then subject to assessment if no meeting of the membership is held for ratification, or (ii) by the assent of 75% of the votes of the Members of the Association who are present and voting in person or by proxy at a special meeting of the membership called for this purpose and at which a quorum is present. The Owner of each Lot subject to such assessment shall pay his special assessment to the Association at such time or times and in such manner as provided in such resolution.

Section 6. Quorum for any Action Authorized Under Sections 4 or 5. The Quorum required for any action authorized by Section 4 or Section 5 hereof shall be as follows:

At the first meeting called, as provided in Section 4 and Section 5 hereof, the presence at the meeting of Members, or of proxies, entitled to cast sixty percent (60%) of all the votes of the membership shall constitute

15G-25-0624

a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called and the required quorum at any such subsequent meeting shall be one-half (1/2) the required quorum at the preceding meeting, provided that such reduced quorum requirement shall not be applicable to any such subsequent meeting held more than sixty (60) days following the preceding meeting.

Section 7. Liens to Secure Assessments. The regular annual maintenance charges or assessments, and the special assessments, as hereinabove provided for, shall each constitute and be secured by a separate and valid and subsisting lien, hereby created and fixed, and which shall exist upon and against each Lot and all improvements thereon, for the benefit of the Association and all Members. Subject to the condition that the Association be made a party to any Court proceeding to enforce any lien hereinafter deemed to be superior, the liens created hereby shall be subordinate and inferior to (a) all liens for taxes or special assessments levied by the City, County and State governments, or any political subdivision or special district thereof, and (b) all liens securing amounts due or to become due under any mortgage, vendor's lien or deed of trust filed for record prior to the date payment of any such charges or assessments become due and payable, and (c) all liens, including but not limited to vendor's liens, deeds of trust and other security instruments, which secure any loan made by any lender to an Owner for any part of the purchase price of any Lot when the same is purchased from a builder or for any part of the cost of constructing, repairing, adding to or remodeling the Townhouse situated on the Lot. Any foreclosure of any such superior lien under the power of sale of any mortgage, deed of trust or other security instrument, or through court proceedings in which the Association has been made a party, shall cut off and extinguish the liens securing maintenance

159-25-0625

charges or assessments which became due and payable prior to such foreclosure date, but no such foreclosure shall free any Lot from the liens securing assessments thereafter becoming due and payable, nor shall the liability of any Member personally obligated to pay maintenance charges or assessments which became due prior to such foreclosure, be extinguished by any foreclosure.

Section 8. Effect of Nonpayment of Assessment. If any regular annual charge or assessment, or if any special assessment, is not paid within thirty (30) days from the due date thereof, the same shall bear interest from the due date until paid at the highest interest rate allowed under the laws of the State of Texas, and if placed in the hands of an attorney for collection, or if suit is brought thereon, or if collected through probate or other judicial proceedings, there shall be paid to the Association an additional reasonable amount, but not less than 10% of the amount owing, as attorney's fees. The Association, as a common expense of all Members, may institute and maintain an action at law or in equity against any defaulting Member to enforce collection and/or for foreclosure of the liens against his Lot. All such actions may be instituted and brought in the name of the Association and may be maintained and prosecuted by the Association in a like manner as an action to foreclose the lien of a mortgage or deed of trust on real property.

Section 9. Collection and Enforcement. Each Member, by his assertion of title or claim of ownership or by his acceptance of a deed to a Lot, whether or not it shall be so recited in such deed, shall be conclusively deemed to have expressly vested in the Association, and in its officers and agents, the right, power and authority to take all action which the Association shall deem proper for the collection of assessments, regular or special, and/or for the enforcement and foreclosure of the liens securing the same.

ARTICLE VII

Community Services Charge

The charge and assessment set out in this Article is, and shall be paid, in addition to the annual maintenance charge and special assessments provided for in the foregoing Article.

The Properties are a part of the greater community development known as "WOODLAKE FOREST", and have been heretofore subjected to the "Community Services Charge" provided for in that certain instrument dated August 17, 1971, executed by Friendswood Development Company and recorded in Volume 8558, Page 417 of the Deed Records of Harris County, Texas, which instrument is fully incorporated herein and made a part hereof for all purposes by reference to the record thereof. Such Community Services Charge, as more particularly described in said instrument, was established in order to provide a common fund, known as the "Community Services Fund", to be applied toward the common good of the several areas comprising WOODLAKE FOREST making payments into such fund. The particular purposes for which such Community Services Fund may be used are set out in the above referenced instrument. In general, however, the fund is to be used to render constructive civic service, to promote the social welfare, and to promote and provide educational and recreational services and facilities to the residents and owners of property in WOODLAKE FOREST subject to the Community Services Charge.

Accordingly, it is covenanted and agreed that each Lot in the Properties upon which a Townhouse has been built and sold by a builder and each Lot so improved which the builder thereof elects to retain for rental purposes is hereby subjected to said annual Community Services Charge in the initial amount of \$100.00 per year, subject to adjustment as provided in the referenced instrument. This charge and assessment against each such Lot shall constitute and be secured by a lien thereon as provided for in such referenced instrument.

159-25-0627

The owner of each Lot subjected thereto shall pay the annual Community Services Charge to WOODLAKE FOREST COMMUNITY ASSOCIATION, INC., a Texas non-profit corporation, annually in advance of the first day of January of each calendar year, except that from and after the date the builder conveys a Lot with a Townhouse thereon to a purchaser and from and after the date of completion of a Townhouse on a Lot which the builder elects to retain for rental purposes, the then purchaser or Owner of such Lot shall pay that fractional part of the annual Community Services Charge derived by multiplying the annual Community Services Charge by a fraction, the numerator of which shall be the number of months between the first day of the calendar month next following said conveyance or completion and the next succeeding first day of January and the denominator of which shall be 12.

The Community Services Fund shall be administered by said WOODLAKE FOREST COMMUNITY ASSOCIATION, INC., which has jurisdiction over and will serve the greater community development known as "WOODLAKE FOREST," in accordance with the provisions of the referenced instrument creating such fund, and in the event of any conflict between any portion of this Article and any portion of said instrument, the latter shall govern and control.

ARTICLE VIII

Architectural Control

The Properties are part of a greater community development commonly known as "WOODLAKE FOREST". The overall plan for the development of the several areas or elements which make up and are collectively commonly known as "WOODLAKE FOREST" contemplates centralization of architectural control to enhance, insure and protect the attractiveness, beauty and desirability of the area as a whole, while at the same time permitting compatible distinctiveness of the individual developments within the greater area. For this purpose

159-25-0628

the "Woodlake Forest Architectural Review Board" (the "Review Board") has been established, consisting of three (3) members appointed by the Board of Trustees of WOODLAKE FOREST COMMUNITY ASSOCIATION, INC.

All construction and development in the Properties shall be subject to the approval of the Review Board, and no building, structure or other improvements, including but not limited to Townhouses, exterior painting, and facilities of the Common Properties, shall be commenced, erected, constructed or placed upon the Properties, and no changes or alterations shall be made to any building or improvements hereafter constructed or placed thereon, unless and until the plans and specifications therefor (specifying, in such form as the Review Board may reasonably require, structural, mechanical, electrical and plumbing detail and the nature, kind, shape, height, exterior color scheme, materials and location of the proposed improvements or alterations thereto, together with site landscaping and grading plans, and plans for offstreet parking of vehicles) have been first submitted to and approved in writing by the Review Board as to minimum structural and mechanical standards, quality of materials, harmony of exterior design and colors with existing structures, and location and situation on the Lot with respect to topography, finished ground elevation, property and building lines, easements, walks and parking spaces. Any and all plans and specifications which have not been expressly disapproved within thirty (30) days after date of submission shall for all purposes be deemed to have been approved.

The Review Board shall have full power and authority to reject any plans and specifications that do not comply with the restrictions herein imposed or meet its minimum construction requirements or architectural design requirements or that might not be compatible, in the sole discretion of the Review Board, with the design or overall character and aesthetics of the Properties and/or "WOODLAKE FOREST".

159-25-0629

In the event the Review Board shall cease to function as such at any time with respect to the Properties, or if it shall be dissolved, then the duties, powers and authority of the Review Board, insofar as construction in or development of the Properties is concerned, shall become vested in and exercised by an Architectural Control Committee to be composed of the Trustees of the Association or such person or persons as the Trustees may appoint and designate to act for them in this regard.

ARTICLE IX

Utilities

Section 1. Electric Service. An underground electric distribution system will be installed within Woodlake Forest IV Subdivision, which will be designated an Underground Residential Subdivision, and which underground service area shall embrace all Lots in Woodlake Forest IV Subdivision. The Owner of each Lot in the Underground Residential Subdivision shall, at his own cost, furnish, install, own and maintain (all in accordance with the requirements of local governing authorities and the National Electrical Code) the underground service cable and appurtenances from the point of the electric company's metering on the customer's structure to the point of attachment at such company's installed transformers or energized secondary junction boxes, such point of attachment to be made available by the electric company at a point designated by such company. The electric company furnishing service shall make the necessary connections at said point of attachment and at the meter. In addition, the Owner of each Lot shall, at his own cost, furnish, install, own and maintain a meter loop (in accordance with the then current standards and specifications of the electric company furnishing service) for the location and installation of the meter of such electric company for the Townhouse constructed on such Owner's Lot. For as long as underground service is maintained in the Underground Residential Subdivision the electric service to each

It shall be the responsibility of each Owner to maintain and repair the portion of the water line situated on his Lot.

Section 3. Sanitary Sewer Service. Sanitary sewer service shall be provided to each Lot and to the Common Properties by means of sanitary sewer collection lines within the Properties to be owned, operated, maintained and repaired by the Association, and which shall connect to the main sanitary sewer lines of the City of Houston, Texas. It shall be the responsibility of each Owner to maintain and repair the portion of the sanitary sewer line which is situated on his Lot.

Section 4. Natural Gas Service. Natural gas service shall be provided to each Lot and the Common Properties by a natural gas company through gas lines in utility easements to be owned, operated, maintained and repaired by such company. The Association shall have no responsibility for maintenance of any gas lines.

Section 5. Telephone Service. Telephone Service shall be available to each Lot and the Common Properties by way of underground cables which shall be installed, owned and maintained by the telephone company. The Association shall be authorized and

155-25-0631

empowered to grant such specific easements, in, under, on or above the Common Properties as the telephone company may require to furnish such service.

Section 6. Storm Sewers. Storm sewers in the Common Property for the drainage of surface waters shall be owned, operated, maintained and repaired by the Association.

Maintenance and Repairs

Section 1. By the Owners. It shall be the duty, responsibility and obligation of each Owner at his own cost and expense to care for, maintain and repair the exterior and interior of his Townhouse and improvements on his Lot and the fixtures, appliances, equipment and other appurtenances thereto, and also the private driveway and any sidewalks on the Common Properties which are appurtenant to his Townhouse.

159-25-0633

The Association shall have no duty or obligation to any Owner in this regard.

Section 2. By the Association. The Association, as a common expense of all Owners, shall perpetually care for, maintain and keep in good repair the Common Properties and Facilities in Woodlake Forest IV Subdivision and all parts thereof, including but not limited to, the Private Streets and Drives, landscaping, lawns, parking areas, buildings and other improvements and the utility facilities owned by the Association, except that it shall be the obligation of each Owner, and not the obligation of the Association, to pay for the cost of repair and maintenance of the private driveway and any sidewalks on the Common Properties which are appurtenant to his Townhouse.

159-25-0634

ARTICLE XII

Building and Use Restrictions

Section 1. Residence Buildings and Garages. No building or other structure shall be built, placed, constructed, reconstructed or altered on any Lot other than single family residence houses (Townhouses) which shall not exceed three (3) stories in height, or contain less than sixteen hundred (1600) square feet of living area exclusive of open or screened porches, terraces, patios, driveways and garages. Each Townhouse shall have a garage on the Lot accommodating at least two (2) cars. No such garage shall ever be changed, altered, reconstructed or otherwise converted for any purpose inconsistent with the garaging of automobiles. All Owners, their families, tenants and contract purchasers shall to the greatest extent practicable utilize such garages for the garaging of vehicles belonging to them and shall not park such vehicles on the Private Streets and Drives, or in the guest parking spaces.

Section 2. Townhouse Design. The Townhouses to be built on the Lots shall be of the townhouse design and shall be constructed as attached Townhouses or in such manner as will create the

appearance of attached Townhouses, with no visible open space between Townhouses on adjoining Lots or building sites. If party walls are used, they shall be subject to the provisions of the following Section. If party walls are not used, then the exterior of the side walls shall be one (1) inch from the dividing line between Lots, and to create the appearance of attached or row houses the two-inch space between Townhouses at the front and rear elevations shall be caulked or sealed with suitable material so that there shall be no visible open space between Townhouses, and the space between roof lines or the roof line of one Townhouse and the wall of another shall be capped with flashing material, or otherwise covered in accordance with good construction practices, to prevent rain from falling between Townhouses.

159-25-0635

Section 3. Party Walls. Party walls as part of the original construction shall in all cases meet the requirements of the City of Houston Building Code and other applicable ordinances, rules or regulations of the City of Houston or any of its departments. Each party wall shall be placed on the dividing line between Lots, and to the extent not inconsistent with any of the provisions hereof, the general rules of law regarding party walls and liability for property damage due to negligence or willful acts or omissions shall apply thereto. If a wall which is intended as a party wall is through construction error situated wholly on one Lot instead of on the dividing line between Lots, such wall shall nevertheless be deemed a party wall for joint use by adjoining Lot Owners. Reciprocal easements are hereby created and shall exist upon and in favor of Owners of adjoining Lots for the maintenance, repair and reconstruction of party walls and the foundation footings, piers and beams supporting the same. Each Owner sharing a party wall shall also be deemed to covenant and agree and shall be bound as follows:

(a) The cost of usual and ordinary reasonable repairs and maintenance of a party wall shall be equally shared by the Owners who make use of such wall.

(b) If a party wall is destroyed or damaged by or as a result of any force, act, event or occurrence which is not caused or brought about by the negligence of any Owner sharing such party wall, or if caused or brought about by the negligence of both, then either Owner who has used the party wall may restore it and the adjoining Owner shall contribute one-half (1/2) the cost of such restoration. However, if a party wall is destroyed or damaged as a result of any negligent act or omission on the part of one and not the other Owner sharing such party wall, then either Owner may restore such party wall and the Owner at fault shall pay or contribute the whole cost of such restoration.

(c) Notwithstanding any other provisions of this Section, an Owner who by his negligence or willful act causes a party wall to be exposed to the elements shall bear the whole cost of furnishing the necessary protection against such elements.

(d) The right of any Owner to contribution from any adjoining Owner under this Section shall be appurtenant to the land and shall pass to such Owner's successors in title.

(e) In the event any dispute arises concerning a party wall, or under the provisions of this Section, the same shall be resolved and settled through the process of arbitration. Each party to the dispute shall choose one arbitrator and the two arbitrators so chosen shall choose a third arbitrator, and the decision of a majority of the arbitrators shall resolve and settle the dispute and shall be binding upon all parties to the arbitration. Should any party refuse to choose an arbitrator within ten (10) days after written request therefor, the Board of Trustees of the Association shall select an arbitrator for the refusing party.

159-25-0636

Section 4. Residential Use. Each Lot (including land and improvements) shall be used and occupied for single family residential purposes only. No Owner or other occupant shall use or occupy his Lot, or permit the same or any part thereof to be used or occupied, for any purpose other than as a private single family residence for the Owner or his tenant and their families. No Lot shall be used or occupied for any business, commercial, trade or professional purpose either apart from or in connection with the use thereof as a residence, whether for profit or not.

Section 5. Temporary and Other Structures. No structure of a temporary character, trailer, mobile or motor home, modular home, tent, shack, barn or any other structure or building, other than the Townhouse residence to be built thereon, shall be placed on any Lot, either temporarily or permanently, and no residence house shall be moved upon any Lot from another location; except, however, that during the construction and sales period of the Townhouses, a builder may, upon obtaining permission of and on conditions specified by the Review Board, erect and maintain such temporary structures on any Lot as is customary in connection with the construction and sale of houses, including, without limitation, a temporary office building, storage area, signs and sales office. A builder shall also have the temporary right to use a Townhouse as a temporary office or model home during the period of and in connection with his construction and sales operations in the Properties, but in no event for more than a period of one (1) year from the date of substantial completion of his last Townhouse in the Properties.

Section 6. Private Driveways and Sidewalks. At the time a Townhouse is constructed, the builder shall also construct, at no cost or expense to the Association, a driveway of sufficient width to accommodate at least two (2) cars to serve such Townhouse. The driveway shall extend from the dwelling across the Common Properties to the street or drive. All driveways shall have a concrete finish.

159-25-0637

If the plans and specifications provide for and the Review Board approves any sidewalk, the same shall also be constructed, at no cost or expense to the Association, at the time the Townhouse is constructed, and all such sidewalks shall also have a concrete finish. Such driveway, and any such sidewalks, shall be repaired and maintained at the sole cost and expense of the Owner of the Townhouse to which such driveway and any such sidewalk are appurtenant. An easement over and across the Common Properties is hereby created and established for the use, construction, repair and maintenance of such driveway and any such sidewalks.

Section 7. Antennas. Outside TV-FM antennas shall be allowed, however, no antenna shall be erected as a free-standing structure. All antennas must be attached to the Townhouse and be erected so as to minimize their view from the street side of the Townhouse. Short wave and/or other radio antennas shall not be installed or constructed within the Properties.

Section 8. Fences. All fences must be approved by the Review Board prior to installation and thereafter maintained in a neat and presentable manner at all times.

Section 9. Particular Landscaping. At the time a Townhouse is constructed, the builder shall, at no cost or expense to the Association, also landscape the open area between the dwelling and the adjacent street, exclusive of driveway and sidewalk surfaces. This landscaping shall conform to the overall landscape scheme for the Properties, and upon completion of such landscaping it shall thereafter be cared for and maintained as a common expense by the Association. The Association is hereby granted an easement for the purpose of caring for and maintaining the portion of such landscaped area within any Lot between the Townhouse and the Common Properties on the street side of each Lot.

Section 10. Nuisance. No noxious or offensive activity shall be carried on or permitted upon any Lot or upon the Common Properties, nor shall anything be done thereon which may be or

159-25-0638

become an annoyance or nuisance to the neighborhood or to other Owners. The Board of Trustees of the Association shall have the sole and exclusive discretion to determine what constitutes a nuisance or annoyance. No repair work, dismantling or assembling of motor vehicles or other machinery or equipment shall be done or permitted on any street, driveway or other portion of the Common Properties.

Section 11. Signs. No sign of any kind shall be displayed to the public view on any Lot or the Common Properties except as follows:

- (a) Builders may display one (1) sign of not more than six (6) square feet on any unimproved or improved Lot to advertise the Lot and any Townhouse situated thereon for the sale during the construction and/or sales period.
- (b) For so long as Marvin Henry Builders, Inc. shall own any Lot in the Properties, no sign of any kind may be displayed or suffered to be displayed to public view on any Lot by any Owner unless and until the size, shape and subject matter thereof shall have been approved in writing by the said Marvin Henry Builders, Inc., which shall have the sole discretion to approve or disapprove the display of any such sign. At such time as Marvin Henry Builders, Inc. shall no longer own any Lot in the Properties, the Board of Trustees of the Association thereupon shall succeed to the right to approve or disapprove, in its sole discretion, the display of any such sign. The Association shall have the right to remove any sign, billboard or other advertising structure or device which is placed on any Lot in violation of this Section and to recover all costs of such removal from the responsible party. The Association shall not be subject to any liability or claim for trespass or other tort in connection with or arising from such removal.

159-25-0639

Section 12. Animals. No animals, livestock or poultry of any kind shall be raised, bred or kept on any Lot or on any portion of the Common Properties, except that dogs, cats or other common household pets (not to exceed three [3] adult animals) may be kept, but they shall not be bred or kept for commercial purposes.

Section 13. Removal of Dirt. The digging of dirt or the removal of any dirt from any Lot or from any portion of the Common Properties is prohibited, except as necessary in conjunction with landscaping or construction of improvements thereon.

Section 14. Garbage and Refuse Disposal. All Lots and the Common Properties shall at all times be kept in a healthful, sanitary and attractive condition. No Lot or any part of the Common Properties shall be used or maintained as a dumping ground for garbage, trash, rubbish or other waste matter. All trash, garbage or waste matter shall be kept in adequate containers with tightly fitting lids, which shall be maintained in a clean and sanitary condition and screened from public view. There is hereby reserved in favor of the Association the determination of the method of garbage disposal, that is whether it shall be through public authority or through private garbage disposal service. No garbage, trash, rubbish, debris or other waste matter of any kind shall be burned on any Lot.

Section 15. Parking Areas. The portions of the Common Properties designated for parking of vehicles are for the temporary use of Owners and their guests, visitors and invitees. No boat, trailer, camper, motor home or mobile home shall be parked on any such parking area or other portion of the Common Properties.

Section 16. Use of Common Properties. There shall be no obstruction of any part of the Common Properties, which are intended to remain unobstructed for the reasonable use and enjoyment thereof, nor shall anything be done or kept on the Common Properties which would increase the rates or result in the cancellation of any insurance relating to the Common Properties or any part thereof. No Owner shall appropriate any part of the Common Properties to his

153-25-0640

exclusive use, except for the required and/or approved driveways or sidewalks thereon which are appurtenant to his Townhouse, nor shall any Owner do anything which would violate the easements, rights and privileges of any Owner in regard to any portion of the Common Properties which is intended for the common use and benefit of all Owners. Except as may be herein required or permitted, no Member shall plant, place, fix, install or construct any vegetation, hedge, tree, shrub, fence, wall, structure or improvement or store any of his personal property on the Common Properties or any part thereof without the written consent of the Association first obtained. The Association shall have the right to remove anything placed on the Common Properties in violation of the provisions of this Section and to recover the cost of such removal from the party responsible.

Section 17. Clothes Drying. Open air drying of clothes shall be confined to individual patios on the Owner's or resident's Lot and must be kept screened by adequate planting or fencing so as not to be visible from adjoining Lots or other portions of the Properties.

Section 18. Septic Tanks. No privy, cesspool or septic tank shall be placed or maintained upon or in any Lot or other portion of the Properties.

Section 19. Combining Lots or Portions of Lots. Any person owning two or more adjoining Lots, or portions of two or more such Lots, may with the prior approval of the Association and the Review Board consolidate such Lots or portions thereof into a single building location for the purpose of constructing one (1) Townhouse (the plans and specifications therefor being approved as hereinabove set forth) and such other improvements as are permitted herein, provided, however, that no such building location shall be less than twenty-four (24) feet in width and eighty-six (86) feet in depth. No Townhouse may be erected on less than one whole Lot, unless the prior written approval of the Association and the Review Board shall have been obtained.

159-25-0641

Section 20. Storage. Garbage cans or containers, recreational equipment, boxes, cartons, tools, and like equipment may be stored in carports or garages, provided that the same are screened from public view in a manner acceptable to the Association and the Review Board.
